MACHINE GUN EMPLOYED BY LAWRENCE POLICE TO QUELL TEXTILE STRIKE SYMPATHIZERS

(By Associated Press)
Lawrence, Mass., May 5.—A machine gun crew was added to the police force today and assisted in dispersing crowds of textile strike sympathizers, although the gun was not actually brought into use. Reports that the strike leaders had arranged a big demonstration to signalize the opening of the 14th week of the strike had led the police to take extra precautions. The only call for help came from White and Oak streets in the tenement district where a crowd was annoying mill operatives. The machine gun crew went along with the police and sent them there but the crowd was dispersed with little difficulty and there was no shooting. All the men of the gun crew are former soldiers.

STATES DISPUTE VICTORY LOAN SUPREME HONOR

(By Associated Press)
Washington, May 5.—Additional reports of subscriptions today raised the total of the Victory Loan to about \$1,700,000,000 with only one week remaining to push the total to the \$1,500,000,000 desired. A dispute among states which claim to have passed their quotas developed today. The state chairman in Oregon telegraphed that Oregon had oversubscribed by popular subscription and he said Iowa and Michigan had made their reports of oversubscriptions previously only because the banks in those states guaranteed the quotas. Vermont also claims to have oversubscribed, but proof has not yet reached the treasury.

BOLSHEVIK BATTLE FLEET AGAIN STOPPED

(By Associated Press)
Archangel, Friday, May 2.—Allied forces succeeded yesterday in repulsing the first attack by Bolshevik gunboats on the Dvina. The enemy fleet attempted to approach the positions held by American, British and Russian forces on the right bank of the river but failed, the allies having guns mounted which covered all parts of the channel. Up to this morning no allied casualties were reported. It is expected that within a few days the allied gunboats can force their way up stream and go to the aid of the allied land defenses.

(By Associated Press)
New York, May 5.—Fire early today destroyed Happy Land Park, 35 bungalows, 4 hotels, and 4 bathing pavilions at South Beach, Staten Island. The loss is estimated at \$200,000. One woman was burned to death.

ALLIES OUTSHOOT BOLSHEVIKS

(By Associated Press)
Archangel, Saturday, May 3.—The Bolshevik flotilla on the Dvina again attacked the allied positions near the junction with the Vaga on Friday but were driven off by the guns of the allied land batteries, which outranged the weapons of the enemy.

under the usual conditions at Tsing-Tao, it was declared in a statement issued today by Baron Makino, head of the Japanese delegation at the peace conference.

A secret plenary session of the peace conference has been called to meet at 5 o'clock tomorrow afternoon at the French Foreign Office for the presentation of the peace treaty to the smaller powers.

"I have done my best; I think it is a good peace." This declaration was made to the editor of the Figaro last night by Premier Clemenceau. The editor adds that if it is a good peace, it is also a better one because it is an alliance with Great Britain and the United States.

POLICE SEEK MURDERER OF BARRE WOMAN

(By Associated Press)
Barre, Vt., May 5.—Attorney General P. B. Archibald, of Bennington, arrived in Barre this morning to cooperate with State Attorney E. M. Davis in investigating the murder of Mrs. Harry E. Broadwell, whose body was found in a garden off North Main street yesterday morning. The woman having been strangled. State Attorney Davis began an investigation following the development of a clue the nature of which he has not divulged but which has necessitated an inquiry in another part of the state. The woman's husband was twice interrogated yesterday by officials. Nothing developed other than to disclose the names of some men Mrs. Broadwell was acquainted with.

BOLSHEVISTS RELEASE U. S. DIPLOMAT

NAVAL PLANES DAMAGED BY FIRE--NEW ASPIRANTS FOR TRANS ATLANTIC HONORS

(By Associated Press)
New York, May 5.—Two of the navy's air station at Rockaway Beach today damaged the naval's airplanes NC-1 and NC-4 which were to start tomorrow morning on the first leg of the trans Atlantic flight. The right wings of the NC-1 were destroyed. It is believed that the NC-1 can be repaired in time for the "jump off." Commander Towres announced that the start for Newfoundland where the trans Atlantic flight is scheduled to begin would be made tomorrow, weather permitting, with the NC-3, very likely with the NC-1 and possibly with the NC-4.

petition. Capt. Alcock, pilot, and Lieut. Brown, navigator, are on the steamship Mauretania having left Liverpool on May 3rd. Their machine, a Vickers Vimy plane, will follow on another vessel. DANIELS WOULD SINK GERMAN FLEET

London, May 5.—The greatest moral lesson of the war would be to sink the entire German fleet with proper ceremonies, Josephus Daniels, American Secretary of the Navy who recently inspected the captured German vessels at Scapa Flow, declared in a statement recently to the Associated Press.

"The German fleet should be sunk in the opinion of American and British technical experts in Paris," the Secretary said. "Those who are not technical and who view the situation entirely from the moral side have the same idea and believe that the ships should be sunk with hands playing and flags flying to keep company with the merchantmen the German navy destroyed. I think the greatest moral lesson of the war would be the sinking of the whole fleet with unforgettable ceremony. These ships, which I recently viewed, are magnificent craft, but virtually useless as a part of the American navy. In the first place, you would never induce an American sailor to live in the cramped and unhealthy quarters, even of the later types, and none has bunker space sufficient for our needs. The ships undoubtedly

were built for fighting in the North Sea and not for long cruises, as are necessary in our navy. Their armor, however, is better than the American or British."

The Secretary said there is nothing approaching a concert of opinion regarding the size of the international naval police force or what responsibility each ally is willing to accept. He added:

"That all must be worked out when the League of Nations begins to function. With so many problems to face, the nations are willing to leave that one until later."

MOTOR TRUCK DESTROYED BY FIRE

A motor truck belonging to a Boston man passing thru Portland on Sunday morning caught fire on Lafayette road, and it was very badly damaged. The front end of the truck and cab were completely destroyed, but it had a steel body and this was not damaged. The Chevrolet engine was called out and saved as much as possible. The truck was left at the time.

KITTERY

Kittery, May 5.—In the account of the Victory Pageant held on Friday evening the name of Mrs. Arthur Chesley who represented the Fifth Liberty Loan unit and gave a splendid and appropriate reading, was unintentionally omitted; as was also special mention of the solo, "The Flag That Has Never Retreated," by Chaplain Rounse, which he rendered at the close of the drama picturing the birth of our flag.

Mr. and Mrs. Fred Carroll of Ellensburg, Mass., are passing a few days with the former's sister, Mrs. Walter L. Carroll and family of Whipple road.

Mrs. Washington Abrams of the Intervenor is passing several weeks with her daughter, Mrs. Ruth Kramer, of Philadelphia, Pa.

Rev. D. M. Thurston, of the Field Staff in the Continental movement, gave a very able address at the Second Methodist church on Sunday morning.

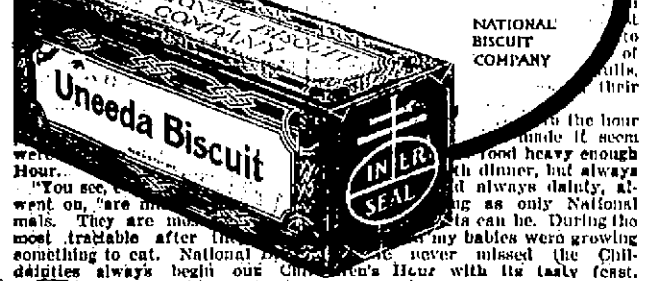

Leslie Heaney of Bowdoin College passed the week end with his parents Mr. and Mrs. Charles Heaney.

Miss Gladys Mullen of Govern-

I was there to make a sketch of her. Luncheon was just over, and she was talking to a little knot of women. The first words I heard, as I slipped quietly into a nearby seat, were "National Biscuit," repeated over and over again.

"Between the wars and the wars," she was quoting, "there's always a bit of pause when all the world seems waiting and listening—for the children. Since then, we must feel babies. I've given them to me. Then, to today, no more."

The verdict is always the same, because Uneeda Biscuits are always the same—their uniform lightness, crispness, and wholesomeness having won them the foremost position in the biscuit world.

Why You Should Buy Coal Now

The price of coal is 75 per cent determined by wages. The wage agreement at the mines continues until April 1, 1920. The Fuel Administration reports that 35 per cent of the mines cannot make any money at the present mine prices. In view of this, how can coal be cheaper this year?

WOMAN MURDERED AT BARRE, VT.

(By Associated Press)

Barre, Vt., May 4.—The naked body of Mrs. Harry E. Broadwell, age 29 and the mother of three children, was found in the garden off the main street, this morning with her throat bound with a man's handkerchief, and her hands still with the gloves on bound securely behind her back. Death was due to strangulation.

The theory is that the woman was murdered in a nearby house and the body taken to the garden and left. Near the body was the woman's watch and about twenty feet away her pocket book open and empty. Closely the other articles of clothing excepting her shoes and stockings which were on the body were found. When picked up the buttons dropped off, indicating that the clothing had been forcibly removed. Dr. A. C. Stone, the medical referee performed an autopsy, but the result was not made known.

HAVE DARK HAIR AND LOOK YOUNG

Nobody can Tell when you Darken Gray, Faded Hair with Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful. This preparation is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

Legal "Strong Arm" Work Demanded.

Escape from a wholesale slaughter of public men by means of infernal machines sent through the mails, the attempt at which has been made familiar to the public through the press, was little less than miraculous. The discovery of the plot was made in time to prevent the results hoped for by those engaged in the fiendish work, and it was a combination of good luck and skillful work that forestalled one of the most shocking tragedies in the annals of crime.

These infernal machines were mailed to a large number of men in public life and were so constructed that if the packages had been opened in the usual careless manner in which people handle their mail many deaths and maimings would have resulted. By good fortune the first one to be opened did not prove fatal, but it quickly put the Postoffice Department on its guard and by a careful system of inspection further explosions were averted. Among the intended victims were state and national officials and a number of men in private life. The packages were sent out from New York, which was clearly the headquarters of the murderous plotters.

It was evidently intended to create a reign of terror throughout the country and to demonstrate that there is an element here whose opposition to law and order is of a character that would lend itself to wholesale assassination. It is a startling disclosure in spite of the gratifying fact that the devilish attempt was practically a complete failure. But the intent of those behind it is not to be mistaken.

And now the question is, what is to be done about it? There is little doubt that most, if not all, of the plotters will be apprehended. The police and detective forces of the country know their business and may be depended upon to probe this shocking affair to the bottom and drag from their lairs the brutes in human form who are responsible for the devilish and cowardly work.

Then will come the duty of the courts, and if this is not done firmly and fearlessly it will mark this country as a proper stamping ground for such beings as are behind this effort to convince the country that the enforcement of the laws is attended with peril.

There should be no leniency in dealing with cases of this character, neither should the courts be influenced by hysteria. The guilt of the accused must be established by due process, but when this has been done there must follow penalties that will be recognized as such if the crime is not to be repeated again and again. There must be no mollycoddling of the convicted, no time wasted in "observation" to ascertain their mental status. If the country is to be protected against repetitions of this sort of thing it must deal with these cases when the time comes in a way to demonstrate that the way of this brand of transgressor, at least, is hard.

This course has not always been followed as rigorously as it should have been, and we now see the results. It is time for a change; for dealing with crime as crime, and not as a disease or a misfortune.

A state celebration in honor of the returned New Hampshire soldiers and sailors is suggested and would undoubtedly prove popular with the people, but there is much to indicate that the service men have had about all the parading they want and are ready to settle down to the pursuits and enjoyment of peace.

An early and strong demand for beach cottages is a healthy sign, indicating that a recent prediction of big business for the summer resorts this year was correct. The present outlook is that there will be few empty houses or rooms along the New Hampshire coast in the summer of 1919.

It is given out from Paris that the first meeting off the League of Nations will probably be held in Washington "under the presidency of President Wilson." It seems to be pretty much under his "presidency" that the League is being formed.

The Massachusetts man who posed for the picture on the Victory Loan poster, "Sure, we'll finish the job," is now to take the platform in behalf of the drive. If he can do as well talking as he did in posing he will leave nothing to be desired.

The liquor business in Manchester, what little there is left of it, has passed from the "agencies" to the hands of the druggists. But if the law is strictly lived up to it will make little difference who distributes the stuff.

It is now up to the public to pay taxes on soft drinks, ice cream and other simple luxuries. Verily there is prose as well as poetry and glory in war.

A Massachusetts justice has decided that Sunday work in Victory gardens is permissible, and there will be no appeal.

DYNAMITE IN BOMBS A U. S. PRODUCT

(By Associated Press)
 Washington, May 5.—Experts of the Bureau of Mines analyzing the bombs used in the attempted May day outrages have proceeded far enough to convince them that the gelatine dynamite used was of American manufacture. It is expected that the firm producing the explosive can be identified by the chemical formula and the perpetrators perhaps traced in this way.

EDITORIAL COMMENT

Talks Bundy, But Expects Taft

(From the Washington Post)
 "If the Democrats want to assure themselves victory in the next election they will nominate Major General Omaha Bundy of Indiana, the real hero of this war," remarked Carhart Wells, of Indianapolis.

General Bundy emerged from this war as the pit big American hero. He has a popular following greater than any other American soldier. His answer to the French commander that the Americans could not understand an order to retreat, followed by their advance which turned the tide of the war, was the one incident that stands out like those actions of General Grant which made him a great popular hero and carried him into the White House. "It is rather doubtful that the Republicans will nominate a soldier," General Wood would hardly be a popular candidate. He would go before the country as a martyr, and martyrs have never won Presidential. The case of General Pershing is somewhat different. He failed to win a great popular following, but he will come back next year, probably just before convention time, with strong support. If he gets such a reception as Dewey got, it is possible that he may sweep into nomination on the tide of the sentiment thus aroused.

"In my opinion, however, the Republican exponent, Mr. Taft, is a million votes stronger than any other man in the party."

Will the Teachers "Walk Out"?

(From the New York World)
 "The City of New York is facing a walkout of 17,000 women teachers if you veto this bill," Mr. Mayor, said Miss Tupper, principal of Public School 119, to Mayor Hylan. She referred to the Lockwood-Perlin bill, then under consideration. This measure adds some millions—the precise amount is in dispute—to New York's budget. It passed in the last day's scramble in Albany. It is of course an arrogant attack on home rule.

Teachers are not plenty at present. The competition of other employment, for the moment better paid, has drawn many from the schools, the perhaps few of those who look upon teaching as a profession, with public responsibility, and not as a trade. There are, however, advantages in the service which will make most experienced teachers think long before quitting their desks.

The certainty of a pension, the social consideration rightly attached to the teacher's honorable work, the estimable leisure afforded by nine months work in the year and five days days in the week—these conditions do not exist in most forms of employment that have competed with the schools for the discontented.

Surely the city should do something for teachers in recognition of the higher cost of living and of their generally excellent work—though it should not be dictated to by Albany. And something is due from teachers in return. Defying the city of dubious business.

PEOPLE'S OPINIONS

Comment on Rev. Mr. Elmendorf's Address.

To the Editors:—Those who heard Rev. Augustine Elmendorf of New York City, a member of the Joint Committee on Social Service, at St. Johns church Sunday morning were fortunate in hearing an interesting discourse on economic conditions of the present day and their relation to the church. The text was 1 John 3:11, "We know we have passed from death into life, because we love the brethren."

Mr. Elmendorf told of the general unrest in this country and Europe, and discussed strikes and riots. In olden days, he said, when communities were isolated, the production of most commodities took place in the immediate vicinity of where they were consumed. At the present time when our food and clothing come to us from a distance we do not feel a personal interest in the producer, such as the man who mines our coal, or weaves the wool into clothes for us, and we do not appreciate the conditions under which he labors. According to the definition as to who is our neighbor as laid down by Christ, was the idea of the speaker, we should be as interested in those indirectly working to supply our needs as if they were living in our own community. Mr. Elmendorf also deplored the efforts of pro-

VICTORY LOAN APPEAL

The Victory Loan campaign is two-thirds over, but the subscriptions have been reported for little more than one-third of the towns.

It is conceivable that the American people who with heart and soul waged the fight for Freedom will permit this loan of Victory and Thanksgiving to fail?

Our sons gave of their hearts, of their strength and of their lives that freedom might not perish. There are one and a half million American boys in France and Germany. Now that the war is ended it would be as reasonable for them to dishonor the nation by deserting the flag as for the nation to dishonor itself by deserting them.

It is a large thing that we are now asked to lend out money to American money less willing than American manhood?

Let everyone of the millions who have bought liberty bonds, buy victory notes and success is sure.

CARTER GLASS, Secretary of the Treasury

ple in getting headlight laws passed and then taking no interest in their enforcement or lack of enforcement, or what manner of men are appointed to responsible positions. He believed also that there is danger of prisons and other public institutions being controlled by unscrupulous politicians instead of being managed by those with the welfare of the inmates in mind. He said it was the duty of all Christian people to take an interest in the election of the right men to office, the enforcement of law, and to take an interest in the problems and difficulties of all others, rendering all assistance and sympathy possible to everyone needing such. The subject was ably handled and was of great interest to those present.

A Worthwhile Suggestion

Editor:—The second Sunday in May is "Mothers' Day" which has now become a national institution, and is observed in many churches in the country with special sermons and references to the day. The occasion is the badge of recognition for the day on which motherhood is honored and exalted. A local citizen has made a suggestion which he thinks worth while for Mothers' Day observance. It is that gifts of flowers be sent to some of the churches in memory of one's mother, if living or if passed away. These flowers might then be sent to the mothers of local boys who have lost their sons in the world war, or to those whose boys are still across.

This is really a suggestion worth while and what prettier custom could be inaugurated in the churches at this time.

WELCOME HOME

Sergeant J. Roy Wing, U. S. A., has returned from Camp Upton, N. Y., where he has been on duty for the past eight months. He was previous to entering the service a popular employee of the Slatkoff ship yard and has resumed his duties there. The employees gave him a warm welcome back on Friday. He is in fine health and glad to return to Civil life.

NAVY YARD NOTES

Money From Candy Shops.
 Uniforms for the yard team in the Sunset League have not yet been selected. It is understood that the money for the uniforms will be provided from the profits of the several candy shops in the Industrial Department which have been making quite a good record in welfare work.

More Coal on the Way.
 The collier Lake Superior with coal for the local yard called from Norfolk on Saturday.

Plenty of Work on Bath.
 Besides the Mercy, the hospital ship Comfort has been assigned to the Portsmouth yard as a temporary repair station. It is known that each of these ships have much work to be done on them but it's a question when the Navy Department will find time enough to release them for the same.

Going to Sail May 15.
 The U. S. S. Topeka, which was formerly an auxiliary prison ship at Portsmouth navy yard, will sail from the Charlestown yard on May 15. The ship was removed from the local yard eight months ago and has been fitting out at Boston ever since.

Out of the Service.
 Pharmacist Mate Hekson for the past year attached to the U. S. S. Southern, has been discharged and returned to his home in the South.

Busy Days in Washington.
 The several youths (17) lately transferred from the local yard to Washington, report themselves as much pleased with the national capital and also state that their ship keeps them busy every minute.

Beat the Navy Team.
 In a seven inning game at the local grounds on Saturday, the U. S. S. Southern team was defeated by a score of 7 to 4, by the Y. M. C. A. Neither team had its regular lineup and the navy men were especially handicapped by the absence of a regular pitcher and a folder.

UP GOES THE FARES ON ATLANTIC SHORE

Passengers Must Pay Another Cent After June 1.

The Atlantic Shore Railway has got in line with the rest of the electric car lines and will advance the fare from 7 to 8 cents beginning June 1. This new fare will be collected in every zone with the exception of that between Sanford and Springvale.

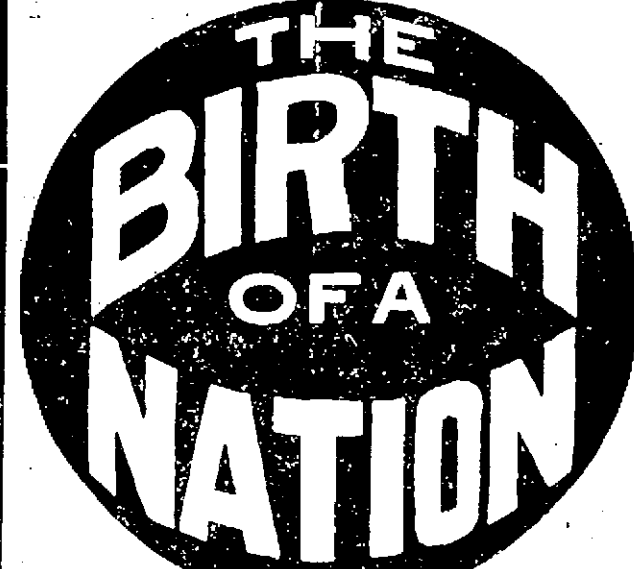

Under the new fare arrangement, tickets in strips of seven will be sold for 50 cents and the price of school's tickets in books of 50 coupons will be increased from \$2 to \$2.50.

The reason for the advance is due to large increases in payroll soon to take effect.

DEAR MR. JONES:

I was walking down the street this afternoon when I noticed your car standing by the curb. Say—you've got a bad tread on your tire; it ought to be fixed right away. It isn't serious now because I don't believe the fabric is affected, but within a few days, the gravel and moisture that it will pick up will almost ruin your tire. I believe if I get it at once I can put that place in first-class shape and if I do it will be guaranteed to last as long as the rest of your casing. Suppose you leave your car down in front of my shop tomorrow and I'll take it off and fix it for you during the day.

VERMONT LEADS NEW ENGLAND IN VICTORY LOAN

(By Associated Press)

Boston, May 5.—New England opened the last week of the Victory Loan drive with less than 50 per cent of its quota subscribed. The district total as officially tabulated today was \$182,016,000, a gain over Saturday of \$11,226,000. This leaves \$192,954,000 to be obtained during the final days of the campaign. Subscribers to date number 193,553. The tabulation of Saturday totals by states was Massachusetts \$6,229,000; Connecticut \$2,012,000; Rhode Island \$1,012,000; New Hampshire \$838,000; Vermont \$615,000; Maine \$462,000. Vermont still maintained the lead among the New England states, its official total of \$7,513,000 representing 79 per cent of the total quota.

MEMORIAL EXERCISES

Storer Post and Relief Corps
Honor Departed; Tribute
Paid to World War
Heroes.

Impressive memorial services were held at G. A. R. hall Sunday afternoon, the occasion being the annual memorial service of Storer Post, No. 1, G. A. R., and its auxiliary, Storer Relief Corps, No. 6, for the members who have died during the year. The services were especially impressive this year as tribute was paid also to the boys who made the supreme sacrifice in the world war.

Storer Relief Corps held its service first for the two members who had died during the year, Mrs. Mary N. Jones, wife of Captain Josiah Jones, and Miss Viola V. Young. Mrs. Martha Rhodes delivered the memorial address in behalf of the Corps.

The Post then paid fitting tribute to its five members who had died during the year, James Mundell, Edwin L. Jerrell, Charles H. Cole, Charles E. Steeper, Martin Hoyt. The names of the men who died in service during the world war and were buried in this city are as follows:

Captain Frederick S. Towle, U. S. M. R. C.

Michael Lynch, U. S. N.

Lieut. Edward T. Mack, U. S. A.

Sergeant John Tanco, U. S. A.

Corporal Philip W. Tucker, U. S. A.

Miss Evelyn Petrie, U. S. army nurse, who died in this country.

Floyd Barker, Lieut. Frank A. Boom, U. S. A., Chester Arthur Brock, U. S. A., Lieut. John P. White, U. S. A., Arthur T. Patch, U. S. N., Carl A. Pearson, U. S. A., Christopher Smart, U. S. N. R. P.

John J. Connors, George B. Dinard, Fay B. Hatt, Amelia Priest, Corporal Hugh C. Hill, Stephen H. Taylor, Sidney Pickles who died in France.

Died of wounds in France—Corporal

at Harold H. Dutton, Lieut. Theodore D. Schmidt, U. S. A., Captain Francis H. Scott.

Died of disease—Lieut. Philip C. Bennett, U. S. A.

Perished on U. S. Cyclops—Lieut. Lewis Hingston, U. S. N.

The chairs of the deceased members of the Post and Corps were draped in black as is the custom at the annual memorial service. A touching little ceremony took place after the names of the departed heroes of the world war were read. Privates Arthur W. Pfeiffer and Bruce Misenheimer, 1st Co., U. S. M. C., marched slowly to the altar to the music of "Onward Christian Soldiers" rendered on the piano by Miss Edith M. Paul and as each name was read of those who had died in the world war a carnation in their memory was placed in a large vase on the altar.

The usual custom of presenting a memorial wreath to the Post in honor of those who have died during the year, took place at this service. To Miss Elizabeth Conner, a pupil of the Whipple school, was given the honor of making the presentation, the young Miss being introduced by Chaplain Joseph Doellite. The wreath was accepted by Commander Bradford in behalf of the Post.

The memorial address given by Rev. George L. Hanson, D. D., of the War Camp Community Service, was an able discourse and a fitting tribute to the Civil and the world war veterans. Mrs. Mary Whittier Priest rendered several vocal selections at this service.

TELLS ATTITUDE OF SHIP BOARD

Washington, May 5.—Chairman Harley of the United States shipping board feels that the attitude of the Emergency Fleet Corporation with respect to the future cancellation of ship contracts has been misunderstood and tonight issued a prepared statement in an effort to meet the situation.

"The policy of the board," said Mr. Harley, "is not one of ruthless cancellation, in revising the construction program to take care of 50 per cent of our foreign commerce, a figure recognized by shipping men as the proper proportion of trade which we should transport in our own ships, we are working on a plan to show the type, size and speed of ships required to meet the need of different trade routes."

"During the first few months following the signing of the armistice we cancelled contracts calling approximately for 2,000,000 tons of steel ships and about 1,500,000 tons of wood ships. The emergency fleet corporation cancelled these contracts because it was felt that we should not continue building ships at high war cost, under peace conditions, with money appropriated for war emergency purposes, especially where such ships were not to be delivered until 1920. Many of the ships so cancelled were of a size and type not commercially and economically advantageous in time of peace."

"Within about 10 days the shipping board will have a complete report showing the ships required in the different trade routes throughout the world. This report will cover the freight as well as the passenger service we should have in order to establish a well balanced merchant marine. This report will have an important bearing on the changes which may be in the construction program."

"The preliminary data shows that there should be substituted a number of larger and faster ships for some of the smaller and slower types contracted for during the war. The substitution of these larger and faster vessels will give the United States a better balanced, more efficient and more useful fleet and at the same time it will enable the ship builders to become familiar with the building of this type of vessel."

"In the adjustment of the claims of ship builders there has been some delay, but the matter is now being taken up and prompt settlement will be made. In the settlement of these claims under cancelled contracts, the equities as well as the legal rights of each claimant will be recognized so that there should be no question of the good faith of the government."

"In this vital matter of cancelling contracts a policy of justice toward the government and the ship builders, as well as will require the shipping board to consider the economic advantages to the government of finishing ships already under construction as well as the legal and equitable rights of the ship builders themselves."

"Congress will convene shortly and it will be the purpose of the shipping board to consult with the proper committees of the Senate and the House with respect to the revision of the ship building program."

The magnitude of David Clark Griffith's feat in standing "The Birth of a Nation" is almost appalling—at least to the devotees of the older forms of theatrical entertainment. Where now are the little groups of actors, the "phony" canvas scenery, and the petty properties of the so-called "legitimate" drama? By comparison with the new art, the "legitimate" measures to the miniature like a matchbox. Instead of scenery for his background, Griffith has used Nature. For subject he has covered 150 years of American history. Eighteen thousand people have done his bidding and in the hitherto riding sides of the Ku Klux Klan three thousand riders and horses sweep over the dusty roads.

No wonder that this magnificent historical spectacle is the talk of the country. It has established an entirely new art in the realm of the theatre—the art of pantomime screen spectacle with an orchestral score perfectly synchronized to the action. It has also created a tremendous sensation because of its vast and more forceful treatment of the theme of "Thomas Dixon's 'The Clansman' which both as a book and play created the greatest furor in the last decade.

The deeds of the Civil War and the heroes of Reconstruction are made to live again and the nation re-born is anticipated.

"The Birth of a Nation" will be at The Colonial this week Wednesday, Thursday, Friday and Saturday, afternoon and evening.

NIGHT REVOLVER PRACTICE ON HANCOCK ST.

The police received a hurried call Sunday night shortly before eleven o'clock, that there had been a murder on Hancock street. The officers were sent down and ran into a mystery.

Three shots had been fired, but nobody knew what for, or who they were fired at. The shots were fired near the house of Braggio Tinter and when the police found him he had a scratch on his face. He professed to be ignorant as to who fired the shots. He told the police that he was out in his garden planting cabbages and cauliflowers, and when the shots were fired he jumped and a stick he had in his hand scratched his face.

The rest of the boarders who live with him were all in bed when the police arrived and apparently knew nothing about the shots.

As Tinter's story of the night planting did not look good and he was apparently the only one around when the shots were fired, he was locked up and the case will be investigated further.

HIGH SCHOOL DEFEAT AMESBURY

The high school base ball team played their first game of the season on Saturday afternoon at the 19th grounds, and defeated the Amesbury High by a score of 10 to 2.

The locals made a good showing in their opening game, holding and hitting

well and Kirkpatrick who was on the firing line allowed the visitors but two hits, and Lyndon caught him well. The locals seem to have the makings of a fast team and with practice and coaching should have a good season. The batting figures are:

Lyndon.....1 2 3 4 5 6 7 8 9 R H E
Portsmouth 11 0 0 5 0 0 0 1 4 10 7 3
Amesbury.....0 0 0 0 0 0 0 2 0 2 3 0

AUTOMOBILES STOLEN AND RECOVERED

Two automobiles were stolen from the business section on Saturday night and the police have recovered both. One a light truck the property of the National Heating and Plumbing company was taken from High street. This was shortly before ten o'clock when the police were notified and a half an hour later they were notified that a Ford roadster belonging to Franklin Debe of Hyatt had been taken from Congress street.

Captain McCaffrey notified the surrounding cities and later the Ford roadster was found at Haverhill, where it had been abandoned. Sunday morning the other machine was found in the Sherburne field on Edinboro St. The car is in a soft ground down to hub and in from the road fifty yards. Just how the car got in the field is unknown, there is a small opening, but it would never be taken for a road.

FINE SHOOTING AT COUNTRY CLUB

At the Country Club traps on Saturday afternoon there was a good number of shooters out considering the fact that there were two hurricanes to take the attention of so many people. In addition to starting this morning and the season's twenty-five target events, there was an exhibition of James rifle and gun shooting by Mr. W. G. Hill, considering one of the best shots in America. Mr. Hill used both shot gun and rifle, using the different calibre rifles. Some of his work was the most wonderful that has been seen here. The shot in particular, struck the crowd as being the finest in the way of shooting. Using a 22 calibre rifle, he fired a shot and then turned his rifle ejected shell went up into the

air and he then hit the shell with a bullet while it was in the air. When the size of a 22 calibre shell is taken into consideration and flying thru the air, some idea of the difficulty of the shot may be imagined.

With a heavy rifle he broke blocks of wood thrown high into the air, and shattered potatoes and glass balls with perfect ease. With a trap gun he gave an exhibition of breaking eggs thrown at him from seventy-five yards distance in a manner that delighted the crowd until he purposely missed a few. Later in the season Mr. Hill will give the same exhibition when longer notice may be given the club members.

In the trap events Mr. Hill was high with 49 out of 50. E. A. Belden was high amateur with 46 out of a possible 50 and Harry Green and Leon Esty each broke 45. In the monthly event Charlie Norton with a handicap of nine was high and has Shuttlesworth second, while in the season event Harry Green with a handicap of two was high.

ADDRESS ON WAR WOUNDED

Col. Joel E. Goldthwait of Boston, delivered one of the most interesting addresses of the entire series at the North Church on Sunday. Col. Goldthwait who is one of the best known surgeons of Boston, and an authority on "human reconstruction" and his work was recognized early in the war. He was on the General Staff and went abroad in advance of the army and planned for his hospitals, and his work returned to the army probably more men than any other agency of its kind. He was decorated by General Pershing with the Distinguished Service Medal. Col. Goldthwait is an interesting speaker and he gave a very fine account of some of the work that had been done in "rebuilding" the wounded and making them good for service again.

BACK FROM OVERSEA SERVICE

First Sergeant William Cronin who has been in France for nearly a year, arrived home on Saturday night and he is visiting his uncle John Murphy on Chapel street. Sergeant Cronin went over with the 76th Division and was transferred soon after reaching the other side to another division. He was with the artillery.

DIDN'T KNOW THE SMOKE HOUSE SMOKED

The Chemical was called out twice on Sunday and both were needless calls. In the afternoon a man from 1817 very passing Canney's smoke house on New Vaughan street, noticed the smoke escaping and rushed to a telephone summoned the Chemical. He was some surprised when informed that a smoke house is supposed to smoke.

The Chemical was again called out at about nine o'clock, to Abrams store on Daniel street. Somebody had dropped a chair end on the awning and it had burned a hole a few inches in diameter and it was out by the time the apparatus arrived.

DOVER CARPENTERS RETURN TO WORK

The strike of the Dover carpenters has been settled and the men will return to work this morning. They demand 30 cents an hour the same as received by the carpenters in this city and the Master Builders finally gave in.

THE NEW FACTORY INSPECTION LAW MAKES MORE WORK

Under the new factory inspection law concerning employing three or more hands come within the provisions of the factory inspection statute. This adds about 700 plants to be visited. Only two factory inspectors are on duty. Commissioner Davis' staff. Under the old law, shops with ten or more employees were inspected, and this applied to about 600 firms.

NEW YORK BRINGS OUT THE STRAW LID ON SUNDAY NEXT

New York straw hat dealers have decided on Sunday next, May 10, the opening of the season for men's straw hats. There is no reason why the men should wait longer to put on the summer headgear and the dealers should put them on sale at once. Boston has a little on New York for the reason the straw hat being in evidence there on last Sunday.

WILL PLAY THE BEST MEN TO BE PICKED FROM THE LEAGUE

Brackett on Trip to Mass. and Maine With Vermont Team.

Manager Colleton of the Knights of Columbus Sunset League team is in receipt of a letter from Ralph Brackett at Barre, Vt., who is coaching the Goddard Seminary team:

"Barre, Vt., May 2, 1919.
"Dear Jack—I am enclosing the record of the Seminary team of this place this year and have welded together a very good team. We are leaving on a trip through Maine and Massachusetts beginning May 12 and I wish you could arrange a game on the playgrounds for the afternoon of May 16th. We would like to meet the best team of picked players from this year's Sunset League and will guarantee to give them a good battle. We won from Norwich University the other day and this team is considered to be the best team in this state. Let me hear from you as soon as possible.

"Your old pal,
"RALPH BRACKETT."

POLICE WORKING ON THE SUNDAY NIGHT SHOOTING

Several Residents Brought in for Investigation Today.

Several males and females from the vicinity of the shooting on Hancock street on Sunday night were brought to the police headquarters today where the officers conducted an investigation.
Each and every one denied any knowledge of the affair and apparently knew as much about it as somebody residing at the Isles of Shoals.
Although no one was wounded as the result of the affair the police are satisfied that a row caused the shooting and that a woman figured in the case. The police will continue their work and hope to make an arrest of the parties causing the trouble.

THE HERALD HEARS

That the schedule of the Sunset League at Concord is out.
That the league opens on May 19 and plays the last game August 7.
That there was plenty of excitement on Hancock street on Sunday night when somebody got busy with a gun.
That the Mutual A.M. Association established by workmen at the navy yard will help every civil employee.
That some of the subscribers are threatening to have their telephones taken out owing to the increase in charges.
That none of them on party lines would not be missed much.
That something new will have to be found to make Milwaukee famous after July 1.
That the navy has a resulting party at Dover for three days this week and the last of the week at Rochester.
That the five cent loaf and the five cent schooner are things of the past.
That a woman milliner has been made a judge in Budapest.
That she will now have something on her mind besides her hat.
That the several war helmets and other relics in the shop of Ernest Lee on Church street are attracting much attention.
That while a western Maryland train was in motion, near Confluence, Pa., thieves stole an automobile from a box car.
That there must be some speed on that line.
That the service there beats out what we get on the Concord and Portsmouth branch of the Boston & Maine.

BOARD OF HEALTH BUSY ONCE MORE

Eating Houses Must Comply With the Regulations.

Once more the Board of Health and the Health Inspector is looking over the several eating houses of the city. It is understood that the board called the attention of the proprietors to certain regulations that have been violated. It is also understood that it is going to be necessary for the employees of eating houses and hotels where food is served, to have a health certificate.

Some of the proprietors say they will do all they can to live up to the rules but that there is no law to force them to carry out certain things as in other states and that they are handicapped in the matter of help.

WHAT IS GOING ON IN LOCAL FIRE DEPT.

The regular monthly meeting of the several engine companies will be held tonight.

The council committee on city lands and places has the matter of minor repairs for some of the engine houses under consideration.

York fire department has asked that the bowling match with the Portsmouth Bremen be postponed until Monday, April 12.

Jefferson, Spence, Downs, Woods and Priest of the local fire department will be the lineup against York in the coming bowling match, which makes

three new men to roll for Portsmouth on April 12.

The interior of two of the three new boxes to be located at Freeman's Point have been ordered from the Gamewell Company.

While the hose supply of the department is not really on the rocks, 500 feet of new stock would help out and bring the equipment up to where it has stood in previous years.

Frank J. Priest, formerly of Newmarket, will be added to the crew of Combination 5 beginning his duties on Tuesday.

Combination 2, the latest addition to the department, is reported as working excellently since being put in commission and the engineers and permanent men are much satisfied with the new apparatus.

Arthur Cox, driver at the Central station, has been temporarily back at his old trade as a painter and improved the doors of the Court and Hanover street stations with the brush. Something much needed.

At 6.30 a supper will be served consisting of baked beans, cold corned beef, hot rolls, coffee jelly, cake, coffee and cocoa. Supper will be served by the Ladies' Auxiliary of the Y. M. C. A. under the direct of Mrs. C. Manning Akerman. The supper will be followed by the taking of a flashlight picture of the members seated at the tables.

At 7.45 some of the following stunts will be carried out in the gymnasium: Barrel boxing, shoe race, dry up, funnel stunt, cup and glove boxing, Indian wrestling, jousting, smudge boxing, potato race, hog tie contest, prostrate, long reach, dog fight and hand wrestling.

All members are to wear their gym suits as a picture of members will be taken in the gymnasium.

Physical Director Hicks wishes a champion for each stunt. A great time is expected for the boys.

Remember when you take a look at the shabby w. s. that it takes more than one hot day to make summer.
